THE JOURNAL

FRIDAY, JANUARY 25, 1867.

TOWN AND COUNTY MATTERS.

We send out the Journal with the date to which the subscription has been paid. Address on the margin of the paper to the printed address of each subscriber. By a glance at these figures, every one can tell how his account stands. Thus: John Smith 15 Sept 66 means that John Smith has paid his subscription up to the 15th of September, 1866. Hereafter receipts will be unnecessary, as the change in the date will be equivalent to such acknowledgment. This plan will prove equally advantageous to our subscribers and to our publishers. It will save the trouble of keeping a separate book for subscribers, and will promptly indicate to subscribers the time when they should make another payment.

FREMONT.

257 Copies of the "Journal" in wrappers, ready for mailing, can be had at this office at 5 cents each.

Oil Company.—Initiation steps have been taken to organize an Oil Company to take promising property near Ballville.

Personal.—Col. H. W. Bristow, returned from New York last week, and reports from the East, and long delays the order of the day on the eastern railways.

Visit.—A delegation of Old Fellows from Clyde, paid a visit to Ophian Lodge on Saturday evening, and enjoyed a pleasant time.

Blistering.—Sunday was a blistering day and only people with good pluck and strong convictions of duty ventured out to church.

Exercises.—The Brass Band made a pilgrimage to Clyde Wednesday evening, where they were the guests of Mr. Stevenson. They reported a delightful time and plenty of orders.

Band Ball.—The ball given for the benefit of the Band last week Thursday evening, was well attended and passed off to the entire satisfaction of everybody concerned.

Taking Notes.—We understand that MARION CHAMBERLAIN, Esq., has been engaged as the regular correspondent of the Clyde Times from this place.

Our Farmers.—We have good reports from those who are trying to get our premiums, by sending us new subscribers. Our premiums are valuable and no one who makes any effort can fail to get some one of them.

Protracted Meeting.—The protracted meeting that has been in progress near the Pike, about three miles west of town, closed on Saturday evening last. The attendance had been large and considerable interest was manifested.

Lost.—On Thursday evening of last week, between the residence of Sheriff Russell and the M. E. Church, a Fish Victrola, a valuable reward will be given to the finder by leaving it at the residence of Mr. Russell.

Lectures.—Why cannot Fremont have a Lecture or two before the season is over this winter? We hope the Directors of the Library Association will consider the matter and give us at least one or two.

Give us.—A correspondent of the Clyde Herald, writing from Selma, Ala., under date of Jan. 18, 1867, says they have green grass, garden peas and early vegetables growing down there.

A SKIRMISH PARTY.—A sking party of twenty-six couples came in town from Clyde, on Wednesday evening and stopped at the Ophian House, where they had a little social dance, an elegant supper, and a happy time.

At The Five Mile House.—The young people of Fremont to the number of about thirty couple held a party at the "Five Mile House" on Monday evening. The supper the dancing the singing the fun and frolic were all eminently satisfactory.

Liberal.—The "Young Men's Lyceum" has donated their books which constituted their library to the Fremont Library Association. We understand that the books are now on hand, and that the association has three hundred volumes in good condition and most of them valuable standard works.

Religious Services.—A series of religious services conducted in the Reformed Church of this place, on Wednesday evening last, preparatory to the holy communion on the coming Sabbath. The pastor is being assisted by Rev. Mr. Keller, of Bellevue, Ohio—services conducted in the English language.

Dramatic.—The Tableau Company are making preparations to give a dramatic entertainment in place of the Annual Poor Supper next week. The programme is not yet arranged, but no effort will be spared to make the best entertainment of the kind.

It is proposed to occupy two evenings and on one of the long promenade "Fanchon, the Oriskany," one of the finest dramas ever written, will be produced.

Painted.—The "Tableau Company" have had their dress and stage costumes beautifully painted by the scenic artist Mr. Louis Kiser, of Sandusky. The work is done with excellent taste, the design and coloring being in perfect keeping with the simple plan of the stage and its furniture.

Annual Election.—At the Annual Meeting of the First National Bank of Fremont, held on the 21st inst., the following named gentlemen were re-elected Directors, viz: S. Richardson, Jas. W. Wilson, W. Bruner, Jas. H. Miller, and A. W. Locky. A. W. Locky and A. H. Miller. At a subsequent meeting of the Board, S. Richardson was re-elected President and Jas. W. Wilson, Vice President. A. H. MILLER being continued as cashier.

Behind the Bars.—Three young men, John Walters, John Myers and Perry Jones, "raised a row" on Saturday night on being refused admittance to a citizen's house throwing stones and making a great disturbance and finally mistaking a young man who went out to remonstrate with them. They were arrested and taken before Justice Tyler for examination on Monday, and bound over under bail of \$200 to appear on the first day of the next term of court.

It is rumored that the object of the raid was to get possession of a child of Wilson's sister, wife of a son of Van Burkist, but now separated from him. While the application for divorce is pending temporary custody of the child was granted to the mother who took the child to Cleveland. Reports say that Van Burkist found means to get the child away from Cleveland, and that it has been kept here since that time. If the recovery of the child was the object of the assault a possible cause might have been shown which would have been much more effectual.

Visit.—The Bellevue Band visited Fremont on Wednesday for a sleigh-ride, and stopped at the Ophian House.

FREMONT LINE WORKS.

Preparations for Re-arranging.—The Quarterly Three Year Re-arranging Session of the Fremont Line was held on Wednesday, Jan. 23, 1867.

The Limestone territory of Fremont and vicinity has never yet been developed to the extent warranted by the facilities for shipment and the ready market for the product of the quarry. Fremont White Limestone is known both in the East and West, and its quality and quantity are such that it is practically unlimited to the demand for it at fair and paying prices.

This winter however the new firm of June & Buckland are making preparations to erect on their property early next spring, three new thermal Lime Kilns, Patented. These with the one now owned by the firm, will turn out one thousand bushels of lime per day. One of them is to be built beside the one already erected and will be fed by the same track and machinery. Two others of the same size and capacity are to be put up near the quarry on Magnesian Limestone. Limestone will be furnished mostly from the bulk and barreled lime from those near the Depot.

These kilns are to be built of Albany Fire Brick, and 50,000 will be used in their construction, all of which have to be imported from Albany.

The quarry which is being worked for lime and building stone is winter is practically inexhaustible. They furnish the best quality of stone for the manufacture of lime and a very superior article of building stone.

Meers, June & Buckland own the exclusive right to quarry and burn the Patented Limestone Lix in the counties of Erie, Sandusky, Ottawa and Huron. This kiln has the advantage of all others in being permanent, in the certainty of its operation and in the small amount of fuel required. Parties using the old-fashioned kilns cannot get the same quality of lime as the new process, the patent improved kilns and the propriety of this large territory in a good lime region gives our Fremont firm a monopoly of the business.

In connection with the manufacture of lime Meers, June & Buckland carry on a large quarry and barrel factory in which they make the barrels used in their business and supply the local market besides with all kinds of work in that line.

The manufacture consumes 4,000 cords of timber per year. The stone timber is purchased in blocks cut to the proper length, and the logs are cut to the proper length and cut into staves at the rate of 150 per cord. The heading timber is brought in double length, cut in two, saved into boards of the proper thickness and then rounded to the size of a barrel head, trimmed and fitted all at a single operation in one machine. The engine which drives this machinery is considered the best stationary engine in the city, and is about forty horse power.

Aside from this is a building for storing staves, heading, and finished work, and the machinery when the material is worked up into barrels ready for use. The entire establishment gives direct employment to about fifty men, and the business is growing and will be a good source of state and barrel timber.

The senior members of the firm are Mr. D. L. June, for many years one of the leading business men in the county, and Gen. R. P. Buckland. The junior member, Meers, D. S. June and H. C. Buckland, are both young men of enterprise, energy and business capacity, and will prove valuable help to the firm in the future.

Wheat Crop.—The wheat crop promises to be a good one next season. Most farmers sowed early and the wheat was well rooted when the cold weather came on, and the heavy snows of the winter have not injured the wheat. The failure of the crop of last year has discouraged farmers, and less than the usual amount was sown last fall. To remedy this as well as to provide against a possible failure of that already sown our farmers were urged to prepare to sow again, what in all cases where it has been tried it has proved very successful, in many cases yielding more than the average crop of winter wheat in good seasons, and in all cases giving a paying yield. This winter they have green grass, garden peas and early vegetables growing down there.

A SKIRMISH PARTY.—A sking party of twenty-six couples came in town from Clyde, on Wednesday evening and stopped at the Ophian House, where they had a little social dance, an elegant supper, and a happy time.

At The Five Mile House.—The young people of Fremont to the number of about thirty couple held a party at the "Five Mile House" on Monday evening. The supper the dancing the singing the fun and frolic were all eminently satisfactory.

Liberal.—The "Young Men's Lyceum" has donated their books which constituted their library to the Fremont Library Association. We understand that the books are now on hand, and that the association has three hundred volumes in good condition and most of them valuable standard works.

Religious Services.—A series of religious services conducted in the Reformed Church of this place, on Wednesday evening last, preparatory to the holy communion on the coming Sabbath. The pastor is being assisted by Rev. Mr. Keller, of Bellevue, Ohio—services conducted in the English language.

Dramatic.—The Tableau Company are making preparations to give a dramatic entertainment in place of the Annual Poor Supper next week. The programme is not yet arranged, but no effort will be spared to make the best entertainment of the kind.

SPECIAL NOTICES.

SPREAD THE TRUTH.—Some medical men make it their business to spread the truth about the merits of their own medicine, and to disparage the merits of their rivals. This is a very bad habit, and one which should be discouraged.
